UNITED STATES PATENT OFFICE.

GEORG F. GIESECKE, OF LEIPSIC, SAXONY, GERMANY.

DESIGN FOR A FONT OF PRINTING-TYPE.

SPECIFICATION forming part of Design No. 12,493, dated September 27, 1881.

Application filed August 19, 1881. Term of patent 7 years.

To all whom it may concern:

Be it known that I, GEORG F. GIESECKE, of Leipsic, in the Kingdom of Saxony, Empire of United Germany, have invented and produced a new and original Design for a Font of Printing-Type, of which the following is a specification.

The nature of my design is clearly shown in the accompanying typographic impression, to which reference is made; and it consists of an open-face letter ornamented by a series of light curved tendril-like ornaments surrounding it, supported upon a square heavy ground-work, as shown.

The character of the design is preserved in the numerals and punctuation-marks, except in the case of the exclamation-mark, in which the light curved tendril-like ornaments are omitted.

Having now described my invention, what I claim as new is—

The design for a font of printing-type, as shown and described.

GEORG F. GIESECKE.
