UNITED STATES PATENT OFFICE.

JULIUS SCHMOHL AND ERNST LAUSCHKE, OF CHICAGO, ILLINOIS, ASSIGNORS
TO BARNHART BROTHERS & SPINDLER, OF ILLINOIS.

DESIGN FOR A FONT OF PRINTING-TYPE.

SPECIFICATION forming part of Design No. 20,778, dated May 26, 1891.

Application filed April 27, 1891. Serial No. 390,724. Term of patent 14 years.

To all whom it may concern:

Be it known that we, JULIUS SCHMOHL and ERNST LAUSCHKE, subjects of the Emperor of Germany, residing at Chicago, county of Cook, and State of Illinois, have invented and produced a new and original Design for a Font of Printing-Type, set forth in the following specification, reference being had to the typographical impressions forming a part thereof.

This design comprises capitals, points, and figures, dollar-mark, and character &. In general character it is heavy, shadeless, rude, and much extended. The lines are of uneven "etchy" appearance—that is, they present conventional imitation of lines worked out by etching or like chemical process having un-systematic unevenness and inaccuracy. The closed letters D, O, and Q, and in addition the letter U, are distinguished by two light

diagonal parallel lines crossing them at about 20
the middle. Horizontal strokes on the line,
as of L and E, end in a rude crescent in lieu
of a ceriph. Lower terminals of C, J, and S
are rudely straightened and tapered and all
regular ceriph are blunt and in keeping with 25
the general rude character of the design.

We claim—

The design for a font of type herein shown
and described.

In testimony whereof we have hereunto set 30
our hands, at Chicago, Illinois, in the presence
of two witnesses, this 26th day of March, A.
D. 1891.

JULIUS SCHMOHL.
ERNST LAUSCHKE.
