

SPECIMENS
OF
CHROMATIC
Wood Type
BORDERS, &c.

MANUFACTURED BY
W. H. PAGE & CO.
GREENEVILLE CONN.

To Color Printers.

We have the pleasure of laying before you a Specimen Book of Chromatic Wood Type, and would say it is now eighteen years since we began Type making. Progress in the Art can be seen by comparing the present volume, with Specimens of that date. There were at that time five or six other manufacturers in the country. Now we manufacture seven-eighths of all the Wood Type made, and are now able to show by itself a Book of Chromatic Type and Borders that is not excelled in the world. It has taken years of time to prepare and perfect it. The designs with two or three exceptions are entirely original with us. The demand for Chromatic Type is quite limited, therefore we cannot supply this book free, only to our Agents. Most Respectfully Yours,

Wm. H. Page & Co.

Wm. H. Page.

Samuel Menry.
