UNITED STATES PATENT OFFICE.

WILLIAM W. JACKSON, OF PHILADELPHIA, PENNSYLVANIA, ASSIGNOR TO
ARTHUR M. AND ALSON E. BARNHART, OF CHICAGO, ILLINOIS.

DESIGN FOR A FONT OF PRINTING-TYPE.

SPECIFICATION forming part of Design No. 15,743, dated January 20, 1885.

Application filed December 8, 1884. Term of patent 14 years.

To all whom it may concern:

Be it known that I, WILLIAM W. JACKSON, a citizen of the United States, residing in Philadelphia, county of Philadelphia, and State of Pennsylvania, have invented and produced a new and original Design for a Font of Printing-Types, of which the following is a specification, reference being had to the accompanying typographical illustration, forming a part hereof.

This letter is of the old-style italic character; and it consists of capitals, lower-case, points, and figures.

A special feature, which I claim as new, is the hair-line curl and a triad of hair lines

slightly curved in each of the capital letters, excepting Z, which produce the effect of an ornamental capital letter. The lower-case letters are of the old-style character. A peculiar shape is given lower-case f j r s v u y, each of them having a scroll. Figures 2, 3, 5, 6, 9, and 0 also have a scroll.

I claim—

The design for a font of printing-types, as described, and shown in the accompanying illustration.

WM. W. JACKSON.
