## FOREWORD

During the past thirty years as designer and art director, I have often desperately longed for a comprehensive volume of comparative letterforms that was easy to use. I felt the need not for another type-book, but for a volume that would suggest the masculine, feminine or neuter qualities of any letter, whether the style I sought was serif or sans-serif, italic or roman, simple or decorative.

Several years ago, it occurred to me that the best way to get the book I wanted was to compile it myself. I hope you find that this book saves you valuable research time and is a constant source of inspiration.

## VORWORT

In meiner dreissigjährigen Tätigkeit als Zeichner und Kunstdirektor habe ich mich oft entschieden nach einem umfassenden und leicht zu verwendenden Werk über vergleichbare Buchstabenformen geseht. Ich fühlte das Bedürfnis, nicht nach einem weiteren Schrifttypenbuch, sondern nach einem Werk das die männlichen, weiblichen und sächlichen Eigenschaften jeder einzelnen Letter andeuten würde, ob es sich im von mir gesuchten Stile um einen Serifen oder endstrichlosen, einen kursiven oder aufrechten, einen einfachen oder verzierten Stil handelte.

Vor einigen Jahren kam mir der Gedanke, dass der einzig praktische Weg um ein derartiges Buch zu finden wohl der sei, es selbst zu kompilieren. Ich hoffe, dass dieses Buch Ihnen kostbare Nachschlagearbeit ersparen und eine Quelle ständiger Inspiration sein wird.

## PREFACE

Pendant trente ans, comme dessinateur et directeur artistique, j'ai souvent et désespérément souhaité avoir un volume compréhensif de formes de lettres comparatives, qui serait facile à consulter. J'éprouvais le besoin non d'un autre livre de caractères quelconque, mais d'un volume qui suggérerait les qualités masculines, féminines ou neutres de n'importe quelle lettre, que le style que je cherchais fût à empattements (serif) ou à caractères antiques (sans serif), italiques ou romaines, simples ou ornées.

Il y a quelques années, l'idée m'est venue que la meilleure manière d'obtenir le livre que je désirais, serait de le compiler moi-même. J'espère que ce livre vous économisera un temps précieux de recherches et sera une source constante d'inspiration.

## FORMAT

This Encyclopaedia includes a vast variety of letterforms chosen to best aid the artist. All major categories of letterforms are displayed and the various styles for *each individual letter* are grouped together. For example: The letter "A" is shown in 280 different styles on eight pages in numbered grid boxes. Immediately thereafter is a double spread of all the "A's" for easy review. This format is followed for each successive letter (and numeral) of the alphabet. Please note that for reasons of aesthetics and copyright, the height of some characters has been varied slightly.

An index, also grid, in the back locates names and styles. Metal types cite their foundry and are available from your typographer. For photo styles, contact Photo-Lettering, Inc., 216 East 45th Street, New York, N.Y.

Corresponding lower case one line alphabets are shown separately.

## FORMAT

Diese Enzyklopädie enthält eine grosse Verschiedenheit an Buchstabenformen, die so gewählt wurden damit dem Künstler am besten geholfen werde. Alle besondere Kategorien von Buchstabenformen werden gezeigt und die unterschiedlichen Typen *jeder einzelnen Letter* sind zusammengruppiert. Zum Beispiel: Der Buchstabe "A" wird in 280 verschiedenen Stilen auf acht Seiten in nummerierten Quadraten dargestellt. Unmittelbar dahinter kommt eine Verbreitung von allen "A's" zur bequemen Uebersicht. Dieses Format wird für jeden nächsten Buchstaben bzw. Jede nächste Zahl des Alphabets angewendet. Bitte notieren Sie, dass aus ästhetischen und Copyright Gründen die Höhe einiger Typen leicht geändert worden ist.

Ein Index, auch in Gitterform, hinten im Buch, verzeichnet die Namen und Stile. Metalltypen geben ihre Giessereien an und können von Ihrem Typographen bezogen werden. Für Photostile wollen Sie sich bitte an Photo-Lettering, Inc., 216 East 45th Street, New York, N.Y. wenden.

Entsprechende Minuskeln-Alphabete in einer Linie werden in einem getrennten Teil aufgeführt.

## FORMAT

La présente encyclopédie comporte une grande variété de formes de lettres choisies dans le but de mieux aider l'artiste. Toutes les principales catégories de formes de lettres y sont exposées et les différents styles de *chaque lettre individuelle* sont groupés ensemble. Par exemple: La lettre "A" est montrée dans 280 styles différents sur 8 pages dans des cases de grille numérotées. Immédiatement après vient une composition double de tous les "A" permettant de les passer facilement en revue. Ce format est suivi pour chaque lettre (et nombre) successif de l'alphabet. Notez que pour des raisons d'esthétique et de copyright, la hauteur de quelques caractères a été légèrement modifiée.

Un index, également en grille, à la fin du livre, continent les noms et les styles. Les caractères métalliques mentionnent leur fonderie et peuvent être obtenus de votre typographe. Pour les styles photographiques adressez-vous à Photo-Lettering, Inc., 216 East 45th Street, New York, N.Y.

Les alphabets minuscules correspondants, sur une ligne, sont représentés dans une section séparée.
